

Summary:

Do you miss the old time when you indulged yourself in Super Mario Bro? Do you desire to find a place that you can temporarily forget the schoolwork and enjoy something interesting at the same time "in CMU"? Or, you just want to play a nice, interesting game in your leisure time. No matter what you are thinking, go exploring the world in Cuper MariU!

Cuper MariU is a side-scrolling 2D platform game. In the game, you are going to play as MariU. The main task is to overcome challenges on the way to the destination. It's very easy to play, and featuring carefully remade scenarios. Evil moving mushrooms, coins hidden in blocks, and whatever you can recall! Specifically, the shell left by a dead turtle can be launched as a weapon. And eating veggies, such as a red, healthy mushroom, will strengthen Mariu. So, play as MariU, trample the monsters and pass challenges as what you did. Of course you can also collect as many coins as you like if money is all what you concern. In the end, you'll find out life is so easy even in a harsh environment like CMU. Not to mention, there are lots of surprises hidden in the game. They are waiting for you to explore...
